

Dnipropetrovsk regional public organization “Agricultural Advisory Service”

2004-2016

**Government
of Canada**

**Gouvernement
du Canada**

Objective of the Advisory Service

To increase the business profitability of
small and medium-sized family farms
and cooperatives

The problems faced by family farms

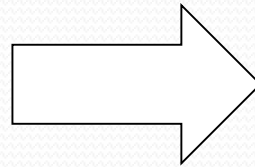

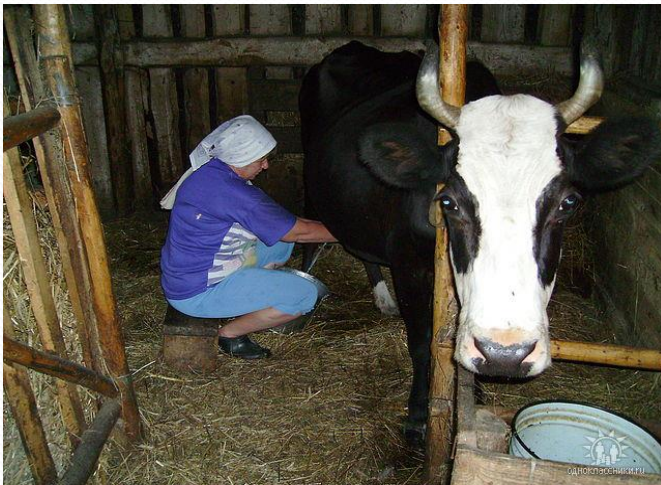

- Slow transformation of the agricultural sector to the needs of current time
- Lack of interest of young people in the development of family farms
- Prejudice attitude of men and women to the possibility of improvement of working conditions on the family farm
- Structural problems with cooperation

Advisory Service

- Formation of family farms development strategy
- Access to highly specialized professionals and organizations
- Search for the non-state funding

Development of entrepreneurship

- Search for potential farmers - women, youth, families
- Project of renovation of farm premises
- Development of the related businesses to support family farms

Agricultural cooperation

- Pooling of resources and getting access to procurement and sales markets
- Agricultural education of family farms
- Access to information and resources (200 farms)
- Conflict management and social unification of of the community

СЕМЕЙНАЯ ФЕРМА

FAMILY FARM

Thank you!
